Mrs. April S. Jarrell
Principal
Mr. George A. Herdlist
Assistant Principal
Ms. Sandy Holt
Assistant Principal

This year the St. Tammany Parish Public School System will recognize those graduating seniors who complete a noteworthy amount of community service hours during their high school tenure.

All seniors who meet a minimum of 80 hours will receive a diploma endorsement seal on their diploma and a pin to wear on their stole at graduation. Students will receive a bronze (minimum 80 hours), silver (minimum 100 hours), or gold (minimum 120 hours) pin based on the hours earned. In addition, a notation will be made by their name in the graduation program as well as recognition during the ceremony for each of the 3 levels of community service hours.

If students are members of a school club/organization which requires service hours or which participates in any of the approved categories, the club's/organization's sponsor will assist in gathering the necessary information. However, if students are members of a non-school organization (see Diploma Endorsement Categories attachment for the approved categories and descriptions) or simply volunteer on their own time with one of these organizations, please contact Mr. Andrew Knock at 985-624-5046 or andrew.knock@stpsb.org to discuss the necessary steps towards the collection of information in order to ensure that the students receive the recognition for their service.

Thank you,

A handwritten signature in black ink, appearing to read 'Andrew Knock', written over a light blue horizontal line.
