

# JUMP START SUMMER PROGRAM

## DRONE ENGINEERING

The class is designed to introduce students to drone technology and its application in commercial ventures. Students will take the **FAA-Part 107 Small Unmanned Aircraft Systems exam** and receive certification upon passage.

Classes will be held at **Pearl River High** on Monday through Thursday, June 12 – June 22 from 8:00 AM to 4:00 pm. Students will learn virtually on Friday, June 16 and will test on Friday, June 23. Students will earn half a Carnegie credit and dual-enrollment credit through Northshore Technical Community College.

The course is limited to 20 students. In the event that more than 20 students are interested, recently graduated seniors and rising seniors will be given priority seating. A lottery would be conducted for remaining seats, per federal guidelines.

**This course is open to all students who are 16 years of age or older.**

**See Mrs. Milam in Room 108 or contact her at [courtney.milam@stpsb.org](mailto:courtney.milam@stpsb.org) if you are interested in receiving more information!**

June 12-23, 2023

---
